

Royal Progress Through Crowded Streets of London

Procession Headed by Life Guards, Made Imposing Spectacle—Colonial Troops Attracted Attention—Millions of People Watch the Procession

London, June 23.—Upwards of eight million men, women and children are estimated to have witnessed the royal progress through London today. To the great majority of Londoners and visitors as well the procession was of greater interest than the coronation itself, for comparatively a very few had an opportunity to view yesterday's pageantry.

It was shortly after 11 o'clock this morning when the booming of cannon from the artillery detachment stationed in St. James' park, immediately at the rear of Buckingham Palace, announced to the hundreds of thousands who had taken their places along the route that the King and Queen had entered their carriage and that the royal procession was prepared to move.

The state carriage in which their Majesties rode, and which was a veritable dream in artistic gold and blue enamel, was drawn by eight white horses, with outriders in uniforms of scarlet and gold.

Two hundred Life Guards in their magnificent uniforms and mounted upon black chargers cleared the way for the procession. Immediately before the carriage galloped a squad of Indian ex-servants. Immediately behind marched the colonial detachments. All branches of the two services were represented in the line.

The route of the procession was from Buckingham Palace up Constitution Hill and thence by way of Piccadilly, St. James' street, Pall Mall, Trafalgar square, the Strand, Fleet street, Ludgate Hill, St. Paul's Churchyard, Queen Victoria street and King William street to the City of London.

When the carriage turned into Piccadilly a large number of the members of the Stock Exchange who occupied the balconies of the Royal Exchange with telling effect. A little farther on by a large stand occupied exclusively by Americans. Other stands and windows were filled with hundreds of Canadians, who cheered enthusiastically and waved their flags as their Majesties came into view.

The Queen seemed specially pleased with the loyal demonstration by the representatives of the great overseas dominion and acknowledged the greeting by a graceful inclination of her head.

WINNIPEG TO ADOPT NEW REGULATIONS

"GOLDEN RULE" POLICE ADMINISTRATION MAY BE INAUGURATED IN THE PRAIRIE CITY

Winnipeg, June 23.—"Golden rule" police administration, based largely on the pattern of the Cleveland system, which was inaugurated by the famous "golden rule" Police Chief, Poole, will be adopted in Winnipeg in the near future, if some of the men in the high places have their way.

The famous Cleveland system, it is claimed, has proven a pronounced success. The arrests in that city, whose population approaches the three quarter million mark, will be considerably less in number than those in Winnipeg. The central features of the "golden rule" system are prevention instead of detection of crime and a system in placing offenders on their honor, in convictions for instance are recorded against drunkards. There is no option of 30 and costs or ten days in the hard fate that meets drunks in Canada. The man is taken before a special magistrate who talks to him kindly and discusses him after giving him some good advice. If the man offends repeatedly he may be sent to farm prison.

ONTARIO AND BRITISH COLUMBIA ARE THE BATTLE GROUNDS, SAYS MINISTER OF THE INTERIOR

Confident That Prairie and Maritime Provinces Will Support the Reciprocity Pact

OPPOSITION MAY FORCE A GENERAL ELECTION

London, June 23.—The only serious accident of the day was that to Captain Leslie MacGowan, commanding the Canadian mounted contingent, escorting the King to the Abbey. He was thrown from his horse and badly injured. Owing to the downpour of rain the illuminations of the fleet at Spithead was postponed until today.

CAPITALISTS FROM ONTARIO VISITING EDMONTON TODAY

ARE INVESTING HEAVILY IN CENTRAL ALBERTA PROPERTY—ARRIVED IN CITY YESTERDAY AND ARE PURCHASING INSIDE REAL ESTATE.

Edmonton is being visited today by a party of eastern men representing capital to the extent of more than \$1,000,000. T. A. Neely of Montreal, Ontario is conducting the party through the west, this being the third party of investors he has brought out from Ontario this season. The other parties which were smaller than the one now on the tour of the country, visited Edmonton during April and May respectively.

The investment seekers, numbering 32 in all came to Edmonton yesterday to a special car attached to the regular C.N.R. train over the main line. They spent this morning looking over the city and it is understood they have invested to quite an extent in Edmonton city property although they are seeking primarily for farm lands. During their trip up the C.N.R. line they stopped at Lloydminster and closed a deal for the purchase of a block of land in three townships north of the town covering an area of between 35,000 and 40,000 acres. This land will be developed by the purchasers and practical farmers from Ontario are to be brought west for that purpose.

The men whom Mr. Neely brought west during May brought nearly half a million dollars worth of farm property in the greater part of which lies north of the main line of the Canadian Northern railway in Alberta. Fifteen thousand acres of land was purchased by members of the party who made the first trip with Mr. Neely.

Already he has brought seventy-five million men into the west, including the members of the present party and next month Mr. Neely purpose bringing a party of 75 men out to the prairie provinces. The majority of these will be investors from various towns in Ontario who will make the trip to western Canada a holiday outing. They will travel in two special cars, and will leave Toronto on July 10th.

A large number of the men whom Mr. Neely is bringing to the west are professional men from Ontario who have not only money of their own to invest but who also have clients in the west who have instructed them to purchase western property for them. The farm property which the investors are buying is being secured in large blocks wherever it is possible to do so.

Following are the names of some of the more prominent members of the party.

(Continued on Page Eight.)

GATHER SPECIMENS FOR U.S. MUSEUM

The wonders of Jasper park and the Yellowstone are attracting people of some note in the scientific world. Dr. Charles Walcott, secretary of the Smithsonian institution of Washington will be here about the first of July to make a tour of Jasper park collecting specimens for the United States National Museum. He will be accompanied by Arthur Wheeler director of the Alpine club, N. Hollister and C. D. Walcott, Jr. will also make the trip. They have applied for permits to secure specimens of the game to be found in Jasper park.

Arrangements have been made whereby the party will have Edmonton over the G. T. P. for Jasper park on the morning of July 2nd.

PLAN RECEPTION FOR R. L. BORDEN

Preparations for the entertainment of Mr. L. Borden, M.P., K.C., leader of the opposition in the dominion house, are being made by the local conservative association and the programme for the half day which Mr. Borden will spend in the city may now be announced. An effort is being made to hold a monster demonstration in his honor in the evening of Wednesday next.

Mr. Borden will arrive on the afternoon train from the south on Wednesday next, and will be greeted at Strathcona by a large delegation representing the Capital city, who will present an address to the opposition leader, extending a civic welcome, and by

(Continued on Page Eight.)

Amalgamation Committee Settle Boundary Question

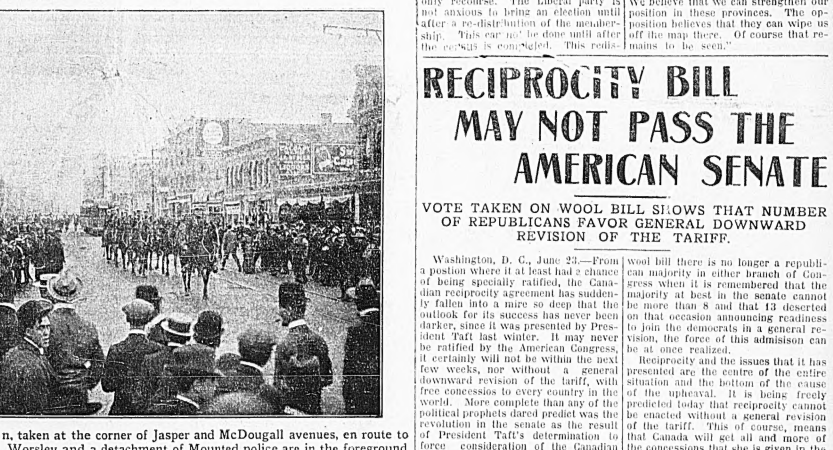

CITY WILL BE SIX AND HALF MILES NORTH AND SOUTH AND SIX MILES WIDE IF PROPOSED AGREEMENT IS RATIFIED.

Greater Edmonton will be an assured fact after tonight's meeting of the amalgamation committee unless obstacles arise meaning that do not now appear on the surface. It is stated on reliable authority today that the committee from Strathcona and the city are prepared to reach an agreement in joint session, which will be held in the common chamber.

With the question of street railway extension practically out of the way, the matter of boundary adjustment is to be settled. Mayor Davies undoubtedly voiced the sentiment of the Strathcona representatives Wednesday evening when he said that the offer of the Edmonton committee for extension of street car lines was entirely satisfactory to him, meaning there will be no further controversy on that point.

Under the amalgamation agreement, when completed, Greater Edmonton will be six miles and a half long, north and south, and six miles wide, east and west, making the city square on all sides. The city will take in one-half mile north of the present boundary line, which is Brandon avenue, so that Calder will be included in Edmonton. The west side of the city, the eastern boundary, which is the east side of the city park, is extended far enough to take in Hinchey park and the packing plant, including North Edmonton. To the south all of Strathcona, with square boundaries on all sides, will be taken.

CORONATION DAY PARADE

View of the monster procession, taken at the corner of Jasper and McDougall avenues, en route to Diamond Park. Inspector Worsley and a detachment of Mounted police are in the foreground.

Coronation Celebration Is Voted a Complete Success

In Spite of Inclemency of Weather Detailed Programme is Carried Out to the Letter—Thousands Witnessed the Sports—Concert Was Well Attended

Edmonton's celebration of the coronation of King George V., carried out in the face of unfavorable weather conditions, and many other handicaps, was undoubtedly the most significant and successful and significant demonstration of its kind that has ever been known in the city. The crowds were greater by many thousands than could have been forecasted by the most extravagant prophet. It is estimated that between 10,000 and 15,000 people spent the day in the city, and the crowds which gathered at the exhibition park in the afternoon were vaster than that have hitherto found accommodation at the fair grounds. The grand stand, capable of accommodating more than five thousand people, was packed to its utmost capacity early in the afternoon, and some three thousand and others were unable to obtain seating room. Until in the afternoon the weather conditions were fair, though threatening clouds hovered over the city.

The afternoon was a thoroughly enjoyable one. Massed bands provided a festival of good music. Interest was manifested in the presentation of the colors to the 101st Regiment, and the military parade and drill formed an outlying and pleasing spectacle. The troops made an entirely creditable showing, carrying out the various drills with perfect discipline and precision. The athletic events attracted much attention and the fact that from 2 o'clock until between five and six the grand stand was filled with interested spectators indicated in a degree the success which attended the afternoon's events.

The announcement made during the course of the day at the park, that the prize for the best that in the morning parade had been awarded to the Sons of England, whose representation of Britannia, in a car drawn by members of the order representing the naval force of the Empire, was received with enthusiastic applause.

Large as was the attendance at the fair grounds, it was smaller by enormous figure than would have been the case had the street railway department and the G. N. R. been able to meet their obligations.

"FREDERICTON"

TO THE INVESTOR---

In placing this property on the market we are giving you an opportunity for investment that will net you a handsome profit in a short time on a small amount of capital. This property is situated on Alberta Ave. adjoining the city limits. It is intersected by the St. Albert Road making access to the city very easy.

To give you an example of the rapid increase in value of this property we need but say that Fredericton was bought in November last and re-sold a few months later at over double the purchase price.

Do you want a better example of good investment than the foregoing?

Can you afford to miss this opportunity to invest a small amount of capital in this subdivision.

Alberta Avenue is bound to become a business street. Take a map of the city and you will see that north of Jasper Ave. there

is no street running east and west which has such great advantages as Alberta Avenue.

These lots on Alberta Ave. are 50x125 deep, the others 50x140

Prices Range from \$100 to \$400

Terms: One-third Cash. Balance 4, 8 and 12 months at eight per cent.

Call on us and let us take you to see this property.

CORONATION CELEBRATION IS VOTED A COMPLETE SUCCESS

(Continued from Page One.)

traffic demand. Thousands of people who desired to visit the park were unable to obtain foothold on any one of the cars travelling to the grounds. Every available inch of space was requisitioned, and it was a common sight to see some half dozen passengers hanging to the rear vestibule of a car. It was estimated that at 3 o'clock in the neighborhood of 3000 people were awaiting cars between First and Sixteenth streets alone. The failure of the transportation facilities to meet the demand was illustrated in a striking manner when the crowds began to disperse. Probably three thousand people walked into the city through the rain, having been unable to find accommodation either in the G. T. P. special train or the cars provided on the municipal street railway system.

GET IT AT THE BAY

5000 Attend Concert

The celebration culminated in the big patriotic concert held in the Thistle rink. More than four hundred voices participated in the chorus. The concert was attended by upwards of 5,000, the big auditorium being packed to its capacity.

Never before in the history of the city has such an impressive patriotic concert been held. The true meaning of the old songs that have stirred the hearts of Britons on land and sea for generation after generation, was brought home very forcibly to the vast audience last night, in their excellent rendition by the chorals of many voices under the able direction of Vernon Barford.

The patriotic enthusiasm of the listeners reached its height with the singing of the well known song "Soldiers of the King," inspired by the martial strains of the song the entire audience arose to its feet and joined in the singing with a heartiness that was good to see.

Some of the newer songs seemed unfamiliar to the large audience and did not receive the response that was tendered the better known airs, such as "Hearts of Oak," "Killarney" and

"The Blue Bells of Scotland." "Soldiers of the King" received the only encore of the evening.

The chorus "O Canada" was superbly rendered by the vast choir and the power of the song was recognized, as never before, by the people who listened. Sung by a choir of such numbers as were gathered on the platform of the Thistle rink last night, it is not a difficult matter to see that it has strong claims to the leading place it is gaining as Canada's national anthem.

While the choruses were the predominating feature of the evening's entertainment, several of the patriotic songs were rendered by soloists. Miss Ethel Webster sang "True Britannia" while "Land of Hope" was rendered by Miss Penelope Davies. "Soldiers of the King" was given by G. H. Eaton "Hail King George" by Ernest Butterworth, and "Hearts of Oak" by W. J. Hendra.

The rink was elaborately decorated for the occasion with flags and bunting draped all around the building. Lieutenant Governor and Mrs. Bulyea attended the concert attended by the 401st Edmonton Fusiliers, who did general police work in the hall.

IT GROWS HAIR

Here Are Facts We Want You to Prove at Our Risk

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a scalded, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, it delicately perfumed, and will not even permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store. A. Archibald.

A RARE ASSORTMENT OF Sensational Dry Goods Bargains

A Gigantic Clearance of our Whole Stock at Once

Greater Values Than Ever for Saturday

MONDAY we commence to pack up the balance of our stock. The store will be open till Friday night, June 30th. All goods on the counters and shelves will be sold practically at your own price. Come on Saturday and all next week for Sensational Bargains.

Store Closed on June 30th.

This is Your Last Chance.

Park Line Service
a Positive Disgrace

If the city authorities were trying to make the street car service unpopular with the public they could not do it better than they are doing at the present time with the park line.

The service yesterday, when nearly three thousand women and children had to walk home in the rain, was a positive disgrace.

With the exhibition coming in a couple of months, it is plainly evident that unless the park line is double tracked, thousands of dollars will be lost to the system and thousands of people will have to walk or patronize the inconvenient train service.

There was a woeful lack of foresight when the park line was laid on a single track, and there is a lack of foresight that the line is not being double tracked at the present time.

With the present arrangement of switches and turnouts, in which park-line cars lie sometimes for ten and fifteen minutes at a stretch on a run that does not take more than that time from end to end, all the rolling stock in Alberta could not be made to handle the crowd. As the line is now, it might just about as well not be there at all. With no line to the park, the pleasure-seekers at least would not be fooled.

Canadian Public Men
Flattered By Omission

If there was any necessity of proving that knighthood is an empty honor, indiscriminately given, and that a "Sir" may not denote either public service or merit, it is furnished by the inclusion of the name of Max Aitken in the title list given out in connection with the coronation.

Max Aitken, whose title to fame is that he trusted the east iron industry of Canada and manipulated himself into a fortune through the cement merger, into which he injected several millions of watered stock, is one of the Canadians upon whom the title is conferred.

It is on account of Aitken's merger that cement is 50 cents a barrel dearer in Edmonton today than it ever was before, and almost impossible to get at that. The trickery through which he acquired his wealth has raised the cost of every yard of pavement laid in this and every other city in Canada, has increased the cost of every building and has handicapped every structural industry across the whole Dominion.

For his part in this affair Aitken is just now under serious suspicion, and an investigation is scheduled to take place in the near future, the details of which, while they cannot divest him of his newly-acquired title, may prove him a man without much honor.

Aitken has never done a public service for Canada, but trading on the honor of the Dominion, he managed to get himself elected to the British house, where he makes it appear that this country is the home of a race of protectionists and cheap imperialists whose loyalty to British institutions depends on a preference for Canadian products in the British markets.

If it is upon men like Aitken that knighthoods are to be conferred, Canadian public men who have been overlooked will feel flattered by the omission.

A Commission Ruling
Which Affects Edmonton

A warning recently handed out by Judge Mabey to the railways that they must not commence to operate lines under construction until the lines have been finally taken off the contractor's hands and the freight tariffs approved by the railway commission, is a warning which will probably affect Edmonton more in the next year than any other point in Canada, as there are now more new lines building out of this city than out of any other point.

While it is distinctly against the law it has been the practice of railway companies in the past to commence hauling freight the minute the steel was laid. Operation has been carried on by the construction department and, as Judge Mabey points out, the rates have always been higher than any schedule that the commission would approve. Sometimes the failure to prosecute, which really constituted a privilege to operate under construction, was taken advantage of by companies where the contractors and the company were a close alliance. In one remarkable instance a line was operated for two years under the construction department, notwithstanding that not a tie was laid in all that time. The purpose, of course, was to get a higher rate.

The declaration of the commission that the roads must be turned over to the company before they can accept a ton of freight means that in some local cases there will be hardship, but in the long run it will work out very much to the advantage of the country served, for it will make it compulsory for the railway company to comply with the act at the earliest date possible.

Great Britain
The True Democracy

One of the anomalies of government is the fact that Great Britain, which yesterday crowned a king, is the most democratic country in the world and the only country in the world in which the votes of the electors, irrespective of property qualification or any other restriction, absolutely prevails.

Canada has a senate which holds a veto power over the elected representatives. United States places the veto in the hands of the president, as does Switzerland and the new republic of Portugal. The South American republics are really dictatorships. Germany, Belgium and many other European countries have the plural voting system which gives men in certain circumstances three times the power of other men in less fortunate circumstances.

But Great Britain, by the Lloyd George legislation which divests the lords of their power, places the legislation absolutely in the hands of the representatives elected by the common vote of the people.

Great Britain is the real democracy. All the pseudo republics in the world have still a long way to go to reach her level.

JUST PARAGRAPHS.

While Frank Oliver is opening the Calgary exhibition he might guarantee the management one exhibit which would attract universal attention by filing his explanation of where that \$69,350 really did come from.

SATURDAY BARGAIN DAY

This is the day to buy—Your day—Saturday—Our Bargain Day. Dozens of special offerings amid numerous brilliant displays of the season's interesting innovations at the Acme store tomorrow.

Edmonton Portland Cement

CAPITAL STOCK

\$1,500,000

Co., Limited

LIEUT. GOV. G. H. V. BULYEA

Chairman of the Board

Article Number Twenty One

It has been repeatedly stated in these articles that the price of the shares of the Edmonton Portland Cement Company will shortly advance. The purpose of this article is to explain why and how this advance will surely take place.

In the first place, the stock of the Edmonton Portland Cement Company should sell for more than par on its own intrinsic merits and value, and this for two reasons:

1st. The stock should pay an annual dividend of about 40 per cent. This has been explained so often as to require no reiteration.

2nd. The stock will have a book value of more than \$200 per share when the plant begins operations. This also has been demonstrated by the provisional statement of the Company, which has been published several times.

Both of these reasons are based on facts which have often been stated, which are well known to the people of Edmonton and vicinity, and which no business man can question or dispute.

PLANS OF PROMOTION LOOK FAR AHEAD

Those who are responsible for the development of the Edmonton Portland Cement Company have looked beyond in making their plans and have taken into account not only the future of this Company, but the future of this city as well. And in the development of the Edmonton Portland Cement Company the development of the City of Edmonton and the great territory to the Northwest which will be tributary to it, has also been taken into account.

In ten years hence Edmonton will have a population of one hundred thousand. This means the building of two other cities as large as the Edmonton of today. In the same time towns and cities will spring up in the vast territory to the North and West that are not even named today. A domain three times as large as the German Empire, stretching away to the Pacific Ocean on the West and the Mackenzie River on the North, is in the making here. As an American writer has put it:

"Rudiments of Empire here, plastic yet and warm,
Chaos of a mighty world, rounding into form."

The building of this Empire—the factories, the mills, the mines—all the institutions and enterprises that will make up this new nation of the Northwest—will call for millions of dollars of capital which must come from—where? From the older and established communities of East-

ern Canada and from the Old Country. The capital of the old world is waiting to be invited to "come over into Macedonia and help us" make a new world. All that is needed is that the old world learn what Edmonton and the Northwest means.

EDMONTON PORTLAND CEMENT WILL INTRODUCE EDMONTON

The promoters of this enterprise propose to introduce Edmonton and the Northwest to the investor of the East and the Old World. And "le billet d'introduction" will be the shares of the Edmonton Portland Cement Company. Early in July 50,000 letters will be sent to prospective investors in the Eastern provinces, inviting them to purchase the shares of this Company.

Towards the end of July a series of advertisements will appear in the leading daily newspapers of both England and France, explaining the opportunities of Edmonton and the Northwest, and inviting the investors of these two countries to buy the shares of the Edmonton Portland Cement Company. These advertisements will run for six consecutive days and will contain the same information that has appeared in the Edmonton daily papers.

SHARES WILL BE ADVANCED

But these shares will not be offered to the investors of the East and the Old Country at par. These shares will first be offered at not less than \$10, and the announcement will at the same time be made that the shares will shortly hereafter be advanced to \$125 or more. And when this is done "Edmonton" shares can no longer be obtained here or elsewhere at par.

The shares of this Company will, for a very short time longer, be offered to the people of Edmonton at par, but when the books are closed here—and that will be very soon—the shares will be advanced, and the growth of the Edmonton Portland Cement Company will enter upon a rise which will continue until the shares have reached at least \$200.

As has been intimated, all of this will probably be accomplished by a group of wealthy men who will take over all of the unsubscribed shares of this Company with the purpose of keeping a large part of the stock themselves and selling the remainder at a greatly advanced price.

EDMONTON INVESTORS TO HAVE FIRST OPPORTUNITY

As has been stated in this article, it is the purpose and desire of the Directors of the Edmonton Portland Cement Company to give Edmonton Investors every opportunity to profit by this splendid enterprise. It is desired that every Edmonton purchaser get his shares at par before

the books are closed here, and the shares offered in the East and in the Old Country at a greatly advanced price.

If a group of wealthy men should subscribe for the unsold shares of the Edmonton Portland Cement Company, the Directors of the Company desire that every individual purchaser of stock have the identical opportunities and advantages which such a syndicate would have.

In other words because the Edmonton Portland Cement Company is an Edmonton Enterprise of very great value to this community; and because every citizen of Edmonton and vicinity feels a personal interest and pride in the success of the institution, the shares will be offered here at par, in order that every Edmonton citizen who purchases shares in the Company, may count himself a charter member of the enterprise.

But when the shares are offered in the East and in the Old Country no such privileges will be extended and the shares will be offered on the basis of their value as a business proposition, and that is very much more than par.

THE DAY OF OPPORTUNITY IS NOW

The development of the Edmonton Portland Cement Co., has been conducted in all sincerity of purpose. The public has been frankly informed of every step. And in nothing have the organizers desired to be more clearly understood than in the step which will now be taken.

It is one thing to offer the shares of this Company to the people of Edmonton at par, but it is quite another thing to offer them to outside investors. When that is done they will be offered only on the basis of their commercial value.

The directors and organizers desire the investors of this community to have every opportunity which this splendid proposition presents. But the day of that opportunity is limited. And very soon the daily papers of Edmonton will announce that the books of the Company are closed and that shares thereafter can only be obtained for cash and at the price for which they are offered to Eastern and foreign investors.

Those desiring shares would do well to make very early inquiries for particulars at the Company's Offices, Rooms 400-1-2, Moser-Ryder Building. Phone 2171.

"THIS DATE IN HISTORY"

1729—Charleston, S.C., incorporated.
1757—Cleve's victory over the Hindus at Plassey, which led to the foundation of the British empire in India.
1789—The British burned the town of Springfield, N.J.
1803—Matthew Vassar, founder of Vassar College, died in Poughkeepsie, N.Y. Born in England in 1792.
1870—Alfred O. Bernhard, the present governor of Minnesota, born in Sweden.
1886—Members of the Orleans and Bonaparte families expelled from France.
1890—New constitution promulgated in Brazil.
1904—Republican national convention at Chicago nominated Roosevelt and Fairbanks.
1910—John H. McGraw, former governor of Washington, died. Born October 4, 1850.

"THIS IS MY BIRTHDAY"

Clarence Eddy
Clarence Eddy, one of the best-known organists in America, was born in Greenfield, Mass., June 23, 1851, and began his musical education at the age of 11, first studying under the famous instructor Dudley Buck. From 1868 to 1871 he was organist of Bethany church, in Montpelier, Vt., which

position he resigned to go abroad for five years of study in Germany. Upon his return to the United States he became organist of the First Congregational church in Chicago. Subsequently he filled similar positions with leading churches in Pittsburgh and Brooklyn. Mr. Eddy has given organ recitals in the principal cities of America and Europe and has directed concerts in connection with the international exhibitions held in Vienna, Paris, Philadelphia, Chicago, Buffalo and St. Louis.

PRINCE EDWARD IS 17.

London, June 23.—Next to King George it is probable that the public attention has centred this week in his eldest son and heir, Prince Edward, who celebrates his seventeenth birthday today. At the present time Prince Edward is giving much attention to the preparations for his inheritance which is to take place at his German Castle next month. Whether he shall go to Oxford next fall or enter Sandhurst for a short military course seems not to have been determined as yet. In any event it is regarded as likely that his education will soon have a separate character of his own. Various places have been mentioned already among them Fribourg.

NORTHFIELD CONFERENCE OPEN

East Northfield, Mass., June 23.—The students' conference, the first of the religious gatherings established here by the late Dwight L. Moody, opened for its twenty-fifth annual session today with delegates present from many colleges of the United States and Canada. The conference will remain in session until July 2 and will have as speakers John R. Mott, Robert E. Speer, Bishop A. S. Lloyd and other noted religious workers.

UNIFORM PUBLIC UTILITY LAWS

New York, June 23.—Bankers, railroad presidents, manufacturers, college professors, labor leaders and representatives of almost every other phase of the complex citizenship of the United States assembled in conference here today, under the direction of the National Civic Federation, to consider the subject of uniform public utilities legislation throughout the states. President Seth Low of the Civic Federation called the conference to order and declared the opening of the conference. Among those actively interested in the movement and the most of whom were on hand at the opening of the conference are Franklin K. Lane of the Interstate Commerce Commission, President William C. Brown of the New York Central; President Robert Mather of the Westinghouse company, Oscar S. Straus, former secretary of commerce and labor; Warren S. Stone, head of the International Brotherhood of Locomotive Engineers, and Timothy Healy, head of the International Brotherhood of Stationary Firemen.

CELEBRATION AT KETTLE RIVER

Kettle Falls, Wash., June 23.—Many pioneers of this section gathered here today to celebrate the centennial of the discovery of Kettle Falls and to pay honor to the memory of David Thompson, then Hudson Bay company agent, who discovered the falls in 1811 and in the year following established the first trading post in the far northwest on what is now American territory.

NAVAL OFFICER ARRESTED

Buffalo, N.Y., June 23.—After ending the officers for over four months, Edward Valentine was arrested by detectives here yesterday on the charge of stealing \$16,000 from the battleship Georgia. Valentine was paymaster's clerk on the battleship when on February 11 last, he disappeared. He was seen in Toronto recently and reported to be spending money freely.

PRESIDENT AT FALL RIVER

Fall River, Mass., June 23.—President Taft paid a brief visit to Fall River today and delivered an address in connection with the celebration of the 100th anniversary of the beginning of the cotton manufacturing industry in New England.

CLASS DAY AT HARVARD

Cambridge, Mass., June 22.—This was Class day at Harvard, the most conspicuous event of the college year. The occasion was observed in a fitting manner and according to time honored and traditional customs. The four classes included services in Appleton Chapel, formal exercises in Sanders Hall, and the delivery of the valedictory at the Stadium.

TAFT'S NEW YORK ENGAGEMENTS

New York, June 23.—Fresh from a pleasant reunion with many of his college chums at Yale, President Taft arrived in New York today in acceptance of invitations to address the New York bankers and the Canadian club tonight. The Aldrich currency plan and reciprocity will furnish him with subjects for his two speeches.

PROVIDENCE AWAITS THE PRESIDENT

Providence, R.I., June 23.—The programme for President Taft from the moment of his arrival here late tomorrow afternoon until his departure at 9:30 at night has been arranged. On his arrival the President will be met by a committee of the Conservative club and a troop of cavalry. They will escort him to the home of Col. George L. Shapley, where he will remain until the hour for the banquet. The speaking at the banquet in addition to the Blue Island and Mayor Fletcher of Rhode Island and Mayor Fletcher of Providence.

MODERN WOODMEN IN SESSION

Buffalo, N.Y., June 23.—With the opening session this morning began one of the greatest conventions of Modern Woodmen of America in the history of the order. It is estimated there are 10,000 Woodmen in the city and others are arriving on every train. A committee of several hundred is caring for the visitors, and the city is decorated in carnival fashion. The opening session of the Grand Camp in Convention hall this morning was entirely routine and consisted of addresses of welcome by the mayor and others, a response by Head Consul A. R. Talbot of Nebraska, and the appointment of committees.

Dr. de Van's Female Pills

A reliable French regulator never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse cheap imitations. Dr. de Van's are sold in a box, or three for \$10. Mailed to any address. The French Drug Co., 14, Catherine St., N.Y.

TWO SLAYERS DIE IN CHAIR AT SING SING

GEHARDT, WHO KILLED WIFE AND BARNES, WHO SHOT COMPANION PAY PENALTY

Ossining, N.Y., June 23.—Frederick Gehardt, who killed Anna Luther and left her body in the woods near Islip, Long Island, and Thomas Barnes, who shot a companion in Brooklyn, were executed in Sing Sing prison yesterday. Barnes left a letter addressed to his counsel, Edward J. Healy, of No. 375 Fulton street, Brooklyn, in which he asked that steps be taken to prevent his being hanged. He said that John Williams, who is serving a life term for murder, had been free. Barnes wrote he was at Dover, N.H., in 1901, when a man was shot and killed. Williams was sent to prison for life for the killing, but Barnes said the killing was done by "these billys."

Gehardt was almost carried to the electric chair. He fairly screamed "I did not do nothing" several times as he was being strapped. Gehardt, who killed Anna Luther, a big woman, was being strapped. He married her in Newark in 1908. He at that time had a wife and family living in Astoria. Later he sent Anna Luther's property to his legitimate wife. After this there was a meeting at Islip of Gehardt and the woman he deceived. She threw her arms around his neck and begged him not to desert her. While she was in that position he shot and killed her. He left her body in the woods where it fell. Months later a skeleton was found and under it a watch and sides slip which Anna Luther had obtained in Germany. These things caused Gehardt's arrest. Barnes killed John T. Leonard in a three-way resort in South street. Leonard and Barnes had been companions.

In 1908 they were convicted of robbing a post office at Raleigh, N.C. Leonard was released and word was passed that he was a "stout pigeon." The murder followed.

FALL RIVER PLANS FOR TAFT

Fall River, Mass., June 23.—On the yacht Mayflower President Taft will come to Fall River tomorrow morning to participate in the celebration now in progress in honor of the 100th anniversary of the establishment of the cotton mill industry in New England. The city fully decorated in the national colors and elaborate plans have been completed for the entertainment of the distinguished guest.

When the Hotel and Restaurant Employees' International Alliance and Bartenders' International League held its first real convention in Boston, in 1895, it had but two-score unions. Today it has more than five hundred, located in 395 cities and towns of forty-five states, the District of Columbia, and in Canada. The membership at the time of the last convention at Minneapolis, two years ago, was 37,444. Today it is 125,651, and steady progress is made at every point.

LONGNECKER BACK.
George Longnecker, who officiated as umpire in the Western Canada league last season, and who gained a berth in the Northwestern this summer, has written President Eckstrom for a job, and his application is being favorably considered.

Longnecker will be submitted immediately, and if agreeable there will be a spare umpire for emergency cases and the double system will be in practice at critical games as far as possible.—Lethbridge Herald.

HAD KIDNEY TROUBLE.

COULD NOT CROSS THE FLOOR PAIN WAS SO GREAT.

Miss Hazel Hine, Winchester Springs, Ont., writes:—"I was troubled with my kidneys for five years. They were so bad, at times, I could not cross the floor for the pain. The doctor could not do me any good and a friend advised me to use Doan's Kidney Pills. I bought six boxes and now I have been cured for over four years. I will recommend them to every sufferer."

No woman can be strong and healthy unless the kidneys are well. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of average be not clogged up.

Doan's Kidney Pills are a purely vegetable medicine, yielding quick, permanent relief, without any after effects. A medicine that will absolutely cure backache and all forms of kidney and bladder trouble.

Doan's Kidney Pills are 50c. per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. M. M. Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."
